History of the Unit

• Created 30 years ago.

• Investigate Medicaid providers only.
  • No individuals.

• 1999 – MFCU began investigating patient abuse and neglect in healthcare facilities.
Funding

- 75% federally funded
- 25% state funded
Types of Providers We Investigate

Institutions
- Nursing Homes
- Hospitals

Practitioners
- MD/OD
- Dentists
- Podiatrists
- Psychiatrist/Psychologist

Patient Funds

Medical Support
- Pharmacy
- Durable Medical Equipment
- Laboratories
- Medical Transportation
- Home Health Agencies
- Home Health Aides
- Rehabilitation Therapists

Patient Abuse and Neglect
- Patient Abuse
- Corporate Neglect
What cases do we investigate?

- Billing for services not performed
- Embezzlement
- *Qui tam* cases (whistleblowers)
- Kickbacks
- Inflating bills for services provided
- Double-billing
Additional cases we investigate

• RICO
• False claims
• Mail fraud
• Money laundering
• Aggravated identity theft
• Elder Abuse
Working Relationship Between OAG and DMAS

- Excellent working relationship between MFCU and Program Integrity Division.

- MFCU investigative management staff meets monthly with Program Integrity staff to discuss referrals and fraud trends.
How do Referrals Work?

- Referrals come from Program Integrity to MFCU.
- MFCU assesses referrals to determine if there is a credible allegation of wrongdoing, sufficient to open an investigation.
  - Civil and/or criminal investigations.
- If not opened, we report to DMAS why the investigation is not opened.
Partnerships

Department of Medical Assistance Services
The United States Attorney’s Office for the Western and Eastern Districts of Virginia
Federal Bureau of Investigation
Food and Drug Administration
Department of Health and Human Services, Office of Inspector General
Internal Revenue Service, Criminal Division
The Department of Taxation
Commonwealth Attorney’s Offices
MFCU Staffing

NORTHERN VIRGINIA

SOUTHWEST VIRGINIA

RICHMOND

ROANOKE
MFCU Growth

Fiscal Year 2011 – 25 additional positions
Fiscal year 2012 – 5 additional positions
Fiscal Year 2013 – 10 additional positions
Patient Abuse and Neglect Squad

Created separate Patient Abuse and Neglect Squad in 2008.

The Patient Abuse and Neglect Squad investigates neglect and physical abuse of incapacitated adults.
## ANNUAL CASE ACTIVITY SUMMARY

**Fiscal Years 1982 through 2013**

Total Criminal and Civil Recoveries, Including Affirmative Civil Enforcement Cases
(ordered and collected reimbursements, fines, restitutions)

Virginia MFCU Compared to Other States

• Typically, a state Medicaid Fraud Control Unit would be measured in three year average recoveries since typical fraud cases take two to three years to complete.

• Virginia is one of four states that conduct multi-state investigations involving pharmaceutical fraud and those cases take four to five years to complete.

• Therefore, Virginia Medicaid Fraud Control Unit is measured in five year average recoveries.
From 2007-to date (12/9/13), the MFCU has recovered $1,718,307,644, which makes it one of the top producers in the country.

Virginia is one of the finalists in consideration for the MFCU of the year award for having over a Billion Dollars in recoveries last fiscal year.
Three Largest Cases

- McKesson $37,000,000
  - Conspiring to inflate drug prices
- Abbott $1,500,000,000
  - Off-label marketing
- Johnson and Johnson $21,020,653
  - Off-label marketing and kickbacks
This fiscal year.....

• Largest Medicaid Fraud Case Investigated by a State in U.S. History: $1.5 Billion

• Largest asset forfeiture in the history of the program: $198 million

• $115 million to the Attorney General’s Office for law enforcement purposes.
What it took…..

• 4+ years working on this case
• 38,000+ man hours
• Nearly two million records reviewed
• Interviews in 26 states
• Abbott had illegally marketed the drug Depakote for elderly in nursing homes to control behavioral disturbances in dementia patients.

• Abbott paid rebates to health care professionals and long-term care pharmacies.

Abbott Pharmaceuticals pled guilty and agreed to pay $1.5 billion to the federal government and the states to settle civil and criminal cases.
Provider Categories of Concern

- Intensive In-home Therapy for At-Risk Youth
- In-home Health Care and Consumer Directed
- Pharmaceutical Companies
• 2008 – MFCU awarded the Medicaid Fraud Control Unit of the Year from the United States Department of Health and Human Services Office of the Inspector General.

• Highest recovery of any state in the history of the program (at that time).

$541,099,617
Public Education

• Two Outreach workers have made presentations to hundreds of TRIAD/Community Organizations, Law Enforcement and First Responders

• Annual Report, Quarterly Newsletter, brochures, tip cards and more.
MFCU Budget: Fiscal Years 2011-2012 and 2012-2013

2011-2012 Expenditures: $8,914,856

2012-2013 Expenditures: $9,819,091
Medicaid Expansion

• Up to three years before we start receiving referrals.
• Initial expansion is 100% federally funded.
• Currently, Virginia would get no money from MFCU investigating fraud in the expanded part of Medicaid.
  • Because there is no state money to recover.
  • At 90/10 split, Va. would only get 10% of recoveries related to expanded portion of Medicaid.
Currently, MFCU does not have staff to handle the anticipated increase in referrals.

Need agreement between DMAS and HHS on FMAP recoveries to warrant MFCU investigations.

I.e., to move from no state recovery (or 10%) to 50% state recovery.
